**INTRO: / 1 2 3 / 1 2 3 /**

If **[A']** I could save **[G#']** time in a **[G']** bottle **[F#']**
The **[D']** first thing that **[D']** I'd **[E']** like **[F']** to **[E']** do **[E]↓**

If **[A']** I could save **[G#']** time in a **[G']** bottle **[F#']**
The **[D']** first thing that **[D']** I'd **[E']** like **[F']** to **[E']** do **[E' F#' G#']**
Is to **[A']** save every **[G#']** day
Till e-**[F']**ternity **[D']** passes a-**[E']**way
Just to **[D']** spend them with **[E']** you **[E']** **[F#']** **[G#']**

If **[A']** I could make **[G#']** days last for-**[G']**ever **[F#']**
If **[D']** words could make **[D']** wi-**[E']**shes **[F']** come **[E']** true **[E' F#' G#']**
I'd **[A']** save every **[G#']** day like a **[F']** treasure and **[D']** then
A-**[E']**gain, I would **[D']** spend them with **[E']** you **[E' F#' G#']**

But there **[A']** never seems to **[G#']** be enough time
To **[F#']** do the things you **[E']** want to do
Once you **[D]** find them **[C#,]** / **[B,]** / **[G#' A' B']**
I've **[A']** looked around e-**[G#']**nough to know
That **[F#]** you're the one I **[E']** want to go
Through **[D]** time with **[C#,]** / **[B,]** / **[G#' A' B']**

If **[A']** I could save **[G#']** time in a **[G']** bottle **[F#']**
The **[D']** first thing that **[D']** I'd **[E']** like **[F']** to **[E']** do **[E]↓**

If **[A']** I had a **[G#']** box just for **[G']** wishes **[F#']**
And **[D']** dreams that had **[D']** ne-**[E']**ver **[F']** come **[E;]** true **[E' F#' G#']**
The **[A']** box would be **[G#']** empty ex-**[F']**cept for the **[D']** memory
Of **[E']** how, they were **[D']** answered by **[E']** you **[E' F#' G#']**

But there **[A']** never seems to **[G#']** be enough time
To **[F#]** do the things you **[E']** want to do
Once you **[D]** find them **[C#,]** / **[B,]** / **[G#' A' B']**
I've **[A']** looked around e-**[G#']**nough to know
That **[F#]** you're the one I **[E']** want to go
Through **[D]** time with **[C#,]** / **[B,]** / **[G#' A' B']**

If **[A']** I could save **[G#']** time in a **[G']** bottle **[F#']**
The **[D']** first thing that **[D']** I'd **[E']** like **[D']** to **[A,]↓** do
