INTRO: / 1 2 3 4 / [F] / [F]

And the [F] music from the skating rink, drifts across the town
And the [Bb] stars of heaven high above, forever looking down
And I'm [F] standing, looking upward, and I'm listening to the sound
Of the [Bb] village in the [C] lonely heart of [F] winter

And the [F] lights above the skating rink, illuminate the scene
And [Bb] on the snow the shadows show, footsteps where we've been
And [F] Danny's breath hangs motionless, and hovers like a dream
A-[Bb]bove his head in the [C] lonely heart of [F] winter
