It's a **[D]** little step in the **[G]** right direction
Couldn't **[D]** see it from space **[G]** I'm right next to **[C]** you
[C] Whatever you de-**[G]**cide to do **[G]**
I've **[D]** got your back, we're **[C]** on the **[G]** same track **[G]↓**

In the **[D]** universe you're a **[G]** molecule
[D] In my eyes, you're a **[G]** great big deal
[G] Bigger than the **[C]** moon, you're the only **[G]** tune I hear **[G]**
I've **[D]** got your back, we're **[C]** on the **[G]** same track **[G]↓**

And **[C]** if we're movin' then we're **[D]** movin' to-**[G]**gether
And **[C]** if we're standing still then it's **[D]** still for-**[G]**ever **[G]↓**

I'm **[D]** not a psychic, I'm **[G]** not a mind reader
[D] I don't know when our **[G]** ship's gonna be here
[G] And if it never **[C]** comes in, I would do it **[G]** all again **[G]**
I've **[D]** got your back, we're **[C]** on the **[G]** same track **[G]↓**

And **[D]** if a big wave **[G]** washed it all away
The a-**[D]**pocalypse, and the **[G]** judgment day
[G] I would testi-**[C]**fy, looking God **[G]** in the eye **[G]**
Sayin' "I've **[D]** got her back, we're **[C]** on the **[G]** same track" **[G]↓**

And **[C]** if we're movin' then we're **[D]** movin' to-**[G]**gether
And **[C]** if we're standing still then it's **[D]** still for-**[G]**ever **[G]↓**
